

THE BC FEDERATION OF LABOUR **ORGANIZING INSTITUTE** PRESENTS

# NO SHORTCUTS: ORGANIZING FOR POWER

A WORKSHOP WITH JANE MCALEVEY  
FOR UNION ORGANIZERS

Jane McAlevey is famous—and notorious—in the American labour movement as the hard-charging organizer who racked up a string of victories at a time when union leaders said winning wasn't possible. She challenges unions to return to **high participation organizing** not just to defend gains, but build power to win.

BCFED Organizing Institute is pleased to invite union organizers to work with Jane on concepts and tactics that **help unions re-build power**.
