Premier Clark’s firing of VSB criticized by BCFED

BC Federation of Labour President Irene Lanzinger made this comment today on the firing of the Vancouver School Board by the Christy Clark government.

“This is a classic diversion by the Liberal government,” says BC Federation of Labour President Irene Lanzinger. “Chronically underfund schools for 15 years, create a crisis, and then blame someone else for the mess.

“It’s happening because of Premier Clark and the BC Liberals, the choices they’ve made and whose side they’re on.”
