National Inquiry into Missing and Murdered Indigenous Women and Girls

As part of our support for the National Inquiry into Missing and Murdered Indigenous Women and Girls, we are encouraging affiliates and union members across the province to post information in their communities about providing testimony to the National Inquiry. Attached is a one-page document that lists the toll free number and the e-mail address that families and survivors are asked to use to contact the Inquiry in order to give testimony.

Please share this as widely as possible, particularly in BC communities outside the Lower Mainland.
