

SPRING FORWARD FOR CHILD CARE

On May 9th, advocates, families and child care supporters across BC will launch a week of action for quality child care across Canada.

Join us and reinforce our call for government to support a \$10 a Day Child Care Plan for BC.

WHY? Child care is good for the economy,
good for families, good for Canada.

We know that Canada needs quality child care that all families can afford. The federal government must commit to long-term sustained federal funding and leadership. They need to come to the table with the provinces and territories, ready to build a public system that we can count on.
